

— NG-CRUISE 2017 SPONSORSHIP INFORMATION —

— MAY 29 - JUNE 02 —

Thank you for your interest in sponsoring **ng-cruise 2017**. Our goal is to give you the opportunity to get you the maximum brand exposure possible and let you connect meaningfully with conference attendees.

Because our event is focused on the **Angular framework**, we are looking exclusively for sponsors who have some kind of relationship to Angular. We are excited for the opportunity to work with you to give attendees exposure to companies and technologies that will benefit them.

Ng-cruise, the first Angular focused cruise conference can accommodate up to **500 developers** from across the industry during this fantastic five day Caribbean adventure, where they will learn from many different Angular experts, network with each other and sponsors, and engage in various social activities and excursions. As a sponsor, you have the unique opportunity to not only be part of this landmark event, but also to promote your company through various options including sponsoring one of several excursions. If you choose an appropriate sponsorship level, you can engage with attendees during conference hours and at the many social events, giving you the opportunity to interact with developers, have quality conversations, and promote your company.

Early Bird Sponsors

Sponsors whose payments are received by January 1st, 2017 are eligible for a **10% discount** on their sponsor fee, so act quickly.
